## DORAL ACADEMY OF TEXAS SEPTEMBER

### FROM MR. KELLEY CAST

We have officially made it through August, and September is off to a strong start! This month is National Suicide Prevention & Awareness month. Please spend time speaking with your student about identifying a trusted adult to speak to so that our students know we are here to help them, especially when things get most difficult.

Our counselor will be sending out some resources to share with families and students this month to assist with these conversations. Below are some important updates and exciting events happening this month:
